TWO-WEEKLY UNION, per annum..... \$1.50  
WEEKLY UNION, per annum..... \$2.00

TUESDAY MORNING, NOV. 18, 1862.

The telegraph line being down at the East, we received no dispatches last night.

There is a Letter at this Office for H. W. SANDERS (soldier.) Apply at the Counting Room.

To Our Subscribers.

We find after a few months experience that it is impossible to collect the small amount due us for the Daily in the city, with the regularity that should attend that department, without more time and attention than we can well afford to bestow upon it. In the future we will be governed by the cash in advance principle, and by that "vigorous policy" hope to render profitable, that which up to the present time has been a burden. From this date no paper will be delivered from this office unless paid for in advance.

When the time paid for expires, the paper will be discontinued, unless renewed in time to prevent it. Our Agent cannot afford to call on any one three or four times for the paltry sum of twenty cents and then perhaps not get it. All subscribers in arrears will please pay the *route agent* on application.

**THEATRE.**—During last week there was full attendance at the theatre every evening, and the manager exerted himself to put forward each evening a varied and attractive bill—the drama, singing, dancing, feats of strength, etc. We neglected in our hasty notices last week, to mention the feats of strength by Mr. JERRY WORLAND, some of which were truly wonderful. The idea of a man having a rock weighing a thousand pounds broken upon his breast with a ledge-hammer, is suggestive to us of a very heavy pressure upon the chest. We are not advised as to the programme for the present week—but we feel justified in saying that it will be attractive enough to fill the house every night. The bill to-night is "Black-Eyed Susan," and "The Two Bonnycastles."

We are happy to notice the arrival in the city of Mr. CHARLES H. GREEN, agent for the collection of claims against the Government. Mr. GREEN has just returned from Washington City, where he has been on business connected with his office; and he was, we believe, very successful in collecting claims against the government. He has facilities for the prompt prosecution and collection of claims, possessed by no other agency in the State, and his connection with the "National Claim Agency" of Washington city, enables him to prosecute his claims without delay.

Persons having claims against the government will consult their own interest by placing them in his hands for collection and settlement.

He reports large numbers of troops in the North, ready to move South, as reinforcements to our armies already there.

### PASSES.

We have been requested, officially, to say that no passes are issued to persons to go beyond our lines, except to those connected with the army. Persons going and returning from Edgefield, and other points within the lines, will obtain passes from Colonel GILLEM, the Provost-Marshal; or from General NEGLEY'S headquarters; these passes require no other endorsement. We are also requested to state that persons coming from beyond the lines into the city will be necessarily retained. There are military reasons for this, seemingly rigid rule, which will last only a few days, during which time we hope that all good citizens will possess their souls in patience.

With pleasure we announce the opening of a new Billiard Saloon by HAMILTON WILLIAMS, Esq., at No. 49 Cherry street, Colonnade Building. Mr. W. is an old resident of our city, and has the reputation of being one of those gentlemen who minds his own business. His room is centrally located; his tables are the best in the city; his cigars and tobacco are A No. 1; and those who may give him a call will find him a gentleman in every shape and sense of the word, and will treat every man as a gentleman. The building is next door to the ADAMS' EXPRESS OFFICE.

Tennessee money is now as good as any paper money, save demand United States Notes.

### The Evacuation of Nashville.

Mr. Charles H. Green, writing from Washington, states that our informant was in error in saying that Gen. Negley was strongly of the impression that Nashville should be evacuated, and adds:

"I have very reliable information that Gen. Buell, at the time he was evacuating the country south of Nashville and moving north with his army, considered it contrary to all rules of war and military tactics to hold a city like Nashville, with all communication cut off from it; and that he would have evacuated it had it not been for Gov. Johnson, who insisted on holding it. Gen. Negley at that time did not have command of the city, and I am certain that he never has had even a thought of evacuating the city since he has been in command there. It is also, a mistake about my being a bearer of important official dispatches." I brought through private letters to the parties named, but no official dispatches; and the lady who came through with me was my wife.—*On Commercial*.

**THE SEAT OF CONGRESSMAN COX.** Of Ohio, is to be contested by Mr. Shellabarger, who is confident that he can prove fraudulent votes more than enough to defeat his opponent. Cox's majority is only 233.
